Venturelli Company Profile

We have been combining "**Safety with Performance**" into our products for over 50 years availing ourselves of the cooperation of our technicians and athletes. In the meantime we have become a leading company for the production of shoes for artistic gymnastics and trampoline and of apparatus and shoes for rhythmic gymnastics. The care for research, design and development of every single detail leads us to further improve our knowledge, the quality of our products and the relationship with our customers.

Every single customer becomes a professional to us; it is a great satisfaction being able to supply all of them with products coming up to their expectations.

Venturelli Mission & Philosophy

We want to be always at the top. To do this, a new design and manufacturing philosophy is born in **Venturelli**, its name is "**M.A.D.E. for Champions**" where **MADE** stands for:

Movement **A**rt **D**esign **E**legance

It synthesizes the aspects of the sports followed by the Venturelli Company. Every one of Venturelli's products is studied and made according to this philosophy, where every single customer becomes a champion to us.
